BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF AT&T COMMUNICATIONS OF )  
THE SOUTH CENTRAL STATES, INC. TO REDUCE ) CASE NO. 92-325  
RATES FOR INTERSTATE SERVICES )

O R D E R

On August 3, 1992, AT&T Communications of the South Central States, Inc. ("AT&T") filed a proposed tariff to reduce rates for certain of its General Service Tariff and Custom Network Services Tariff offering. The proposed tariff reduces rates for Dial Station, Customer Dialed Calling Card Station, Operator Station, Person-to-Person, Real Time Rated Operator Station/Person-to-Person, Reach Out<sup>tm</sup> Kentucky, PRO WATS Kentucky, All PRO WATS in Kentucky, AT&T Plan Q, MEGACOM<sup>tm</sup> 800, 800 READYLINE<sup>tm</sup>, AT&T 800 Plan E, AT&T Plan D, and AT&T Plus Services. These changes were proposed by AT&T to flow through savings received by AT&T, resulting from the Commission's May 29, 1992 Order in Case No. 90-256<sup>1</sup> which had approved access reductions for South Central Bell Telephone Company.

Having reviewed the application and proposed tariff and being otherwise sufficiently advised, the Commission finds that the tariff, as proposed, is reasonable and should be approved.
